

## **CONNECT For Success**

A new online, interactive tutorial to help students develop valuable research skills

## **Getting Started**

VCCS  
Information  
Literacy  
Tutorial

1. From any computer in the library or open lab (or from home), go to <http://es.vccs.edu>. Click Library, About the Library, then Information Literacy.
2. Select ESCC and sign in with your VCCS email address and last name.
3. Although it is best to begin with Module 1 and complete them in order, you may start with any module.
4. Read the objectives and the module content.
5. Complete the exercise set, repeating questions until you answer all correctly.
6. Print your score for each exercise set. (Some instructors may require them.)
7. Proceed to the next module until you have completed all 8 of them.
8. Take pride in the fact that you have improved your information literacy knowledge and skills.

"CONNECT For Success" adapted from James Madison University's "Go for the Gold" Information Literacy Program.
