### CURRICULUM CHECKLIST

Contact Catherine Hostetter @ 757.789.1758

The Education degree offers future teachers flexibility in planning the two-year, general education component required for transfer to a senior institution granting state licensure. Upon completion of this two-year phase of the course work, students will transfer to a college or university to complete their subject area course work, teacher preparation courses, student teaching, and licensure. Students should do their best to design their classes at ESCC according to their transfer college's requirements, receive course grades of "C" or better, attain the required GPA (a 2.00+ is required for ESCC graduation; other colleges may require higher), and pass Praxis I before transferring. Students must consult the college to which they plan to transfer to ensure that their ESCC courses will be accepted in transfer. The degree shown below best matches ODU Distance Learning. Students should work closely with their advisor or with Jody Baggett, transfer counselor. **See General Education Requirements for electives 2013-2014 catalog, page 108, and Transfer information, page 77.**
