

Betty Ross Academy for Lifetime Learning Scholarship

Academy for Lifetime Learning
P.O. Box 509
Exmore, Va. 23350

January 6, 2015

Dear STEM Scholarship Applicant:

The Academy for Lifetime Learning invites you to apply for a \$1,000 Scholarship. This Scholarship will be awarded to a student graduating from an Eastern Shore of Virginia high school or from the Eastern Shore Community College who has been accepted at an accredited college or university. The Scholarship is to be used to defray college expenses and is available to a student who intends to major in STEM: Science, Technology, Engineering, Mathematics or Medical Sciences, which includes a four-year Nursing Degree.

The Academy members will expect to meet the student who is awarded the scholarship at an Award Ceremony in the spring of 2015. At that time we invite the student to discuss his/her educational goals and aspirations.

Entries will be judged on merit alone; to ensure fairness, each applicant's identity will be hidden from the judges.

Applications must be postmarked by May 15, 2015. The Scholarship winner will be notified by June 15, 2014.

Go to the Academy's website for the application and instructions at: allesva.org/scholarship. Should you have any questions after reviewing the website material please contact Tony Picardi, [757-442-4481](tel:757-442-4481).

Sincerely,

Dr. Anthony C. Picardi
Chairman, ALL Scholarship Committee
