

# Unmanned Aircraft System Technical Interchange

Thursday October 2, 2014 – 9:00 am until 4:00 pm  
ESCC Workforce Development Center, Melfa, Virginia

## Featured Speakers:

**Steven Pennington**

Executive Director  
Policy Board on Federal Aviation  
U.S. Department of Defense

**Jim Williams**

Unmanned Aircraft Systems Integration Office  
Federal Aviation Administration

**The Honorable Karen Jackson**

Secretary of Technology  
Office of the Governor  
Commonwealth of Virginia

**The Honorable Frank Wagner**

Senator, 7th District  
Virginia General Assembly

Join us for a special, one-day event exploring how the breakthrough UAS industry will impact economic development on Virginia's Eastern Shore and beyond, into DelMarVa and the rest of Virginia. Be a part of the discussion led by industry leaders and the policy makers themselves. In addition to keynotes, panel discussions will include UAS operations experts, technology leaders, and industry leaders.

With a full schedule exploring the ins and outs of the UAS industry, this event will inform, educate, and explore the exciting potential this technology has for our community. This is not a passive seminar or symposium, but a community networking event. Combined industry and government involvement will bring the pinnacle of cutting edge UAS technology and decision making into discussions and exchanges between speakers and participants.

**Advance Registration  
and Payment Required**

**\$69 (\$49 In-District\*)  
(Includes Coffee / Lunch)**
