

Eastern Shore Community College Practical Nursing Program Application Packet 2020

The Eastern Shore Community College School of Practical Nursing was originally Northampton- Accomack Memorial Hospital School of Practical Nursing formed in 1956 as a joint effort of Northampton County Schools, Accomack County Schools and the Northampton-Accomack Memorial Hospital. Later when NAM Hospital was renamed the school became Shore Memorial Hospital School of Practical Nursing. In 2007 the school of practical nursing was moved to the Eastern Shore Community College under the Virginia Community College System. It is a three semester program leading to a certificate in practical nursing and graduates are eligible to sit for the National Council Licensing Exam for practical nurses (NCLEX-PN). The ESCC School of Practical Nursing has full approval by the Virginia State Board of Nursing. The NCLEX pass rate for the 2016 and 2017 graduating class was 100%%, 2018 was 87.5 %, and 2019 90.9%. For previous pass rates see the Virginia Board of Nursing web site.

This program is committed to providing each individual an equal opportunity for success and does not discriminate in admissions and/or during matriculation based upon an applicant's or student's race, color, religion, gender, national origin, marital status, non-disqualifying disability or age.

Program Notes

The nursing law of Virginia addresses criteria for application for licensure. The Virginia Board of Nursing has the power to deny opportunity to become licensed through testing if the applicant has committed a felony/misdemeanor violated provisions of 54-367.32 of the Code of Virginia. A student's eligibility to take the PN licensure exam cannot be determined until application for licensure is received by the State Board of Nursing. Some health care facilities may not employ individuals who committed certain criminal acts or allow students to participate in clinical experiences in their facilities. Any student that has committed any illegal offenses other than minor traffic violations should discuss these matters with the program director for further clarification

1. Students are responsible for their own transportation to off-campus facilities for clinical experiences.
2. Students must receive a grade of "C" or better in all PNE courses to stay in the PN Program.
3. Students must maintain an overall grade point average of 2.0 or better.
4. Students are responsible for costs necessary for program completion such as required testing fees, liability insurance, uniforms, stethoscopes, nursing pins, books, criminal history and sex offender crimes against minor's background checks.
5. Students must complete a drug dosage calculation test with the score of 80% or greater at the completion of NUR 135 Drug Calculations to stay in the PN Program.

Admission Sequence

1. If not enrolled at ESCC, submit an on-line application for admission, along with high school transcript or proof of GED and official transcript of any previous college work.
2. Complete ESCC computer-based placement testing in math and English if applicable.
3. Take the HESI A2 entrance exam and achieve an acceptable score. A fee must accompany the testing.
4. Submit Practical Nursing application to program coordinator. Admission to the Practical Nursing Program must be achieved before PNE 161 Nursing in Health Changes I and subsequent PNE courses can be taken. Non PNE courses and PNE 155 Body Structure and Function may be taken prior to Practical Nursing Program admission. PNE 155 and PNE 116 must have been taken within 5 years of application to be accepted by the Practical Nursing Program unless approved by the program coordinator. Courses must be taken in the appropriate sequence.

Students with Disabilities

Students with disabilities who meet the program requirements, complete the physical/mental exam and submit the physical form signed by the physician stating that they are able to perform as practical nurses in the clinical setting are admitted. It is the responsibility of the student to meet the physical/mental/legal requirements for state certification.

Reapplication to the Practical Nursing Program

If a student is not admitted to the program but wishes to reapply for the next year's class, he/she **MUST** complete a new Practical Nursing Program Application form and submit it to the Practical Nursing Program Coordinator prior to established deadlines for the next year.

Evaluation during the Practical Nursing Program

Upon admission and during the course of the program, the PN faculty will carefully observe and evaluate the student's suitability for nursing. Students are expected to complete all courses listed in each semester of the curriculum before being allowed to enter subsequent semesters. Any student who earns a grade **lower than "C" in any practical nursing course** will be dismissed from the program. If seeking re-admission to the program the re-applicant must meet with program coordinator and complete an application. Re-admission may be granted by the faculty based on additional data, prior performance and space availability. Students may not apply for re-admission more than one time. Re-admission **must occur within two years** or the student will have to repeat all nursing courses. When applying for re-admission students will be asked to validate their skills by written test and a practicum.

Nursing students are involved in providing direct patient care in medical facilities. Certain medical facilities require all nursing students to have a Criminal History and Sex Offender’s Crimes against Minors background investigation completed prior to the provision of patient care. Some facilities may also require drug testing for nursing students. Any student found guilty of a misdemeanor or felony prior to or during nursing education will be required to request an Exemption from Disqualification from each of the medical facilities to which they may be assigned during the program. If an exemption is not granted by the medical facility, the student will be unable to complete the requirements for the nursing program, and will not be permitted to continue in the college’s nursing program. Students will be required to submit similar documentation to the Virginia Board of Nursing when making application to take the NCLEX –PN in Virginia. The Board of Nursing can deny licensure to any applicant who has filed false credentials, who has falsely represented facts on the application for licensure, and/ or who has committed a felony or misdemeanor. In addition, certain health care facilities may not hire individuals who have committed a felony or misdemeanor other than minor traffic violations.

Falsified information on the application for admission will be grounds for denial.
